

This all-inclusive e-commerce payment solution gives merchants a convenient way to sell products and services online.

## TERMINAL AND GATEWAY BENEFITS:

- Increased efficiency for repeat customers
- Quick and easy approval
- Fraud protection
- Complete website hosting
- Website/Internet store
- Shopping cart/buy-me button
- Merchant account and secure credit card processing
- Virtual terminal and transaction center

The payment and gateway virtual terminal integrates with retail, MOTO and e-commerce systems with security, reliability and ease. The virtual terminal will process both credit card and ACH transactions for all merchant types.
